13th May 2013

Dear Mr Seviour,

PILTON HIGHWAY & PAVEMENT IMPROVEMENT – FEB-MAY 2013

I write to say thank you for both a job well done and in appreciation of the pleasant and helpful manner of all the workforce both from your own department and particularly the contract companies of John Wainwright and Co Ltd and A&R Contracting Ltd.

The final paved surfaces are complete in substance and fine detail with all entrances and exits neatly completed. It looks a good quality job with all matters considered.

During the nearly 4 months of the job the workforce were not only industrious but very helpful and most courteous throughout.

Please pass my appreciation on to those engaged on the task, thank you.

Yours sincerely,

A J Shaw
